

Dear application selection judge,

I respectfully request your reconsideration of my pitch deck, "Empowering Thai Agriculture through AI-Driven Precision Agriculture." My proposal directly addresses critical challenges in Thailand's agricultural sector, offering a significant positive impact on farmers, the environment, and the economy.

The pitch deck outlines a comprehensive AI and IoT-powered solution, with the potential to incorporate blockchain for enhanced transparency. By integrating a Thai language AI model, drone-based crop monitoring, real-time data analysis, and market intelligence, this platform empowers farmers with the tools and knowledge they need to improve resource efficiency, sustainability, productivity, and profitability.

I believe this innovative and scalable project aligns with your organization's goals. I am confident in its potential to transform Thai agriculture and improve livelihoods. I welcome the opportunity to discuss my proposal further.

Thank you for your time and consideration.

Sincerely,

Bhasawut Singhaphan

Representative of HEROHUB team
